TEMPLATE

Materiality assessment worksheet

List, score and prioritise sustainability topics with your team.

Score each topic from 1 (low) to 5 (high)

Topic	Impact on people and environment	Effect on finances and access to capital	Stakeholder interest	Total	Report?
Greenhouse gas emissions					☐
Energy use					☐
Water					☐
Waste					☐
Health and safety					☐
Fair pay and labour practice					☐
Diversity and inclusion					☐
Community impact					☐
Supply chain practices					☐
Business ethics and anti-corruption					☐
Data protection					☐
Climate risk to operations					☐

How to use it

Score each topic with your management team, then test the scores with two or three stakeholders. Topics scoring highest on either impact or financial effect belong in your report. Agree the final list with the board.
